

**B&B GROUP**

# **B&B GROUP** **ELECTRICAL ENGINEERS** **AND CONTRACTORS**

Where efficiency meets safety and excellence

## **ABOUT US**

B AND B Group of Electrical Engineers and Contractors is an independent firm led by Er. Binoy Joseph C, backed by a skilled team of engineers, designers, and supervisors. Founded in 2001 with a B Class Contractor License, the company has steadily grown, earning a reputation for quality and reliability.

In 2013, B AND B expanded with a new office and panel board manufacturing unit in Thachanna, Malappuram, Kerala. By 2016, we had upgraded to an A Class Contractor License, enabling us to take on larger and more complex projects.

Today, B AND B Group is a trusted name in both government and private sectors, delivering successful projects across multiple states with a continued commitment to excellence and innovation.

## OUR SERVICES

---

At B AND B GROUP, we dedicate the same high level of attention and professionalism to every project we undertake. Our portfolio spans a diverse range of electrical engineering projects across commercial, industrial, and institutional sectors—including shopping malls, hospitals, schools, resorts, and more.

Our core service areas include:

- HT and MV Power Electrical Installations.
- MV and LT Electrical Wiring.
- Manufacturing of HT/MV Electrical Panel Boards.
- Design and Consultancy for HT/MV Electrical Installations.
- Plumbing Services (Commercial and Industrial).
- Electrical Supply Store – offering a full range of electrical materials.
- Maintenance Services – Annual maintenance contracts for both electrical and plumbing systems.
- Sales of All Types of Electrical Equipment

Our commitment is to deliver reliable, efficient, and high-quality solutions that meet the unique needs of every client.

## OUR VISION

---

To become a leading and trusted electrical engineering and contracting firm, delivering comprehensive solutions—from simple to complex design, installation, and maintenance services—while ensuring the highest levels of customer satisfaction.

## OUR MISSION

---

Empowering progress through swift, safe, and reliable engineering solutions
